About

About Dr. Ahmet Altın

Dr. Ahmet Altın is a specialist in restorative dental care at BM Türkiye in Istanbul. He oversees inlays and onlays — precise ceramic restorations for teeth that are too damaged for a filling but do not need a full crown. He speaks Arabic, Russian and Turkish.

Treatment approach

- Reviews your photos and X-rays before you travel
- Explains your plan and its price in writing before treatment starts
- Follows your recovery with your coordinator after you return home

Languages

Turkish · Arabic · Russian

Where Dr. Ahmet Altın can help you

Inlays and Onlays

Custom indirect restorations for damaged teeth requiring more than a filling but less than a full crown.
