About

About Dr. Muvaz Barakat

Dr. Muvaz Barakat is a specialist in restorative dental care at BM Türkiye in Istanbul. He oversees tooth-coloured fillings, root canal treatment and fibre posts — the treatments that save a damaged tooth instead of replacing it. He speaks Arabic, Turkish and English.

Treatment approach

- Reviews your photos and X-rays before you travel
- Explains your plan and its price in writing before treatment starts
- Follows your recovery with your coordinator after you return home

Languages
